

## **PROPELLER CLUB PORT MANATEE**

On behalf of Billy Roy, President—

To all Port Manatee tenants and users:

In this unprecedented time the Port Manatee Propeller club has been thinking of our maritime community and we know that every business/organization is unique and yet we all have similar anxiety and concern about the wellbeing of our families, friends, employees, and community. Because of the many layoffs due to the coronavirus the Port Manatee Propeller Club is reaching out to you to see if your business has staffing needs that we could share through our newsletters and contacts. If you have a need and would like your hiring contact information shared, please contact Teresa Daugherty [tougherty@portmanatee.com](mailto:tougherty@portmanatee.com). Working together has never been more important and, as we emerge into recovery, we can harness the power and generosity of our community to lead the way together.

### **Teresa Daugherty**
